

Munpigment SBR

Finishing

Auxiliary

Description

Munpigment SBR is a black protein pigment emulsion which is used in any type of leather finishing.

Specification

Appearance	Black Viscose Liquid
Nature	Protein Resin Carbon Black Combination
Ionity	Anionic / Nonionic
Solid	35 ± 2
Content, %	
pH (1:10 solution)	9 ± 0.5
Covering	High
Solubility	Miscible in water
Mechanical	Very Good
Stability	
Safety	According to the best of our experience, it does not have any harmful effect on health
Packing	30, 50 & 100 KG PE Drums
Shelf life	1 year

Storage Conditions

The product should be well sealed and must be stored in covered area between 5-25°C. Freezing and direct sun light must be avoided.

Applications & Recommendations

Munpigment SBR can be used in any type of leather finishing.

Munpigment SBR contains protein resins, so it has great cohesion and film formation property.

It is recommended to use **Munpigment SBR** with the ratio of 8-15% of mixture.
